The Hyde Park Pumpkin Patch in Village Circle is not just a place to buy pumpkins, but it is a tradition for many families in Tampa Bay. Parents take their children to the patch to pick out the perfect pumpkin for their front porch, while couples take a romantic stroll through the patch, admiring the different shapes and sizes of the pumpkins. Aside from the pumpkins, there are also a variety of fall-themed decorations for purchase, such as corn stalks and hay bales. The patch also offers activities for children, such as face-painting and spooky stories.

We pulled aside one family attending to ask about their experience at the pumpkin patch. The attendee said, “We have been residents of Tampa for years now since moving from the

Northeast, and this is easily our favorite time of the year. The weather starts to cool down, the kids pick their pumpkins to carve, and I am someone who loves anything pumpkin flavored. It gives the state of Florida a taste of a Northeastern fall season. It's my favorite." The pumpkin patch offers a wonderful opportunity for families, couples, and friends to come together and enjoy the fall season. The vibrant orange pumpkins and other decorations create a picturesque setting for photo opportunities and memories that will last a lifetime. She added, "It's something everyone in the family enjoys. Our seven-year-old loves the face painting, and our fifteen-year-old enjoys taking the reins and decorating our front porch her way. Not to mention, me and my husband just like to see the kids happy."

The pumpkin patch is not just a commercial venture, but a community event. All the proceeds from the event go to the Humane Society of Tampa Bay. The patch is open from October 4th to October 26th. The times of operation are Monday-Thursday 3PM to 6PM, Friday 12PM to 6PM, Saturday 10AM to 6PM and Sunday 12PM to 5PM. Pumpkins range from \$1 to \$20 based on size. Visitors can groove to the rhythm of the music while sipping on a pumpkin spice latte (Or wine) and enjoying a delicious pumpkin donut. Dress
